# Recent Legislation...

## ➤ Related to transfer

- SB 484 (Portantino) Status: Higher Ed Cmte, 3<sup>rd</sup> Reading
  - This bill would require the governing board of each community college district to direct the appropriate officials at their respective campuses to (1) identify those students who have completed an associate degree for transfer, (2) notify those students of their completion of the degree requirements, (3) automatically award those students the degree, and (4) add those students to an identification system at the end of each academic year that the Office of the Chancellor of the California Community Colleges would be required to maintain and that would be accessible electronically by the California State University, the University of California, and independent institutions of higher education, as defined. The bill would authorize a student to affirmatively exercise an option to not receive an associate degree for transfer or to not be included in the identification system. *These provisions would be implemented in full commencing with the fall term of the 2020–21 academic year.*

# Recent Legislation...

## ➤ Related to transfer

➤ AB 1460 (Weber) Status: **Held**

- The bill, commencing with the 2020–21 academic year, would require the California State University to require, as an undergraduate graduation requirement, the completion of, at minimum, one 3-unit course in ethnic studies
